## Donation

Tech4Kids donated 5 laptops to Precious Dweh WIN-Liberia non-profit on Tuesday, May 9th. The laptops will provide the necessary technological advantage to the children of Precious Dweh's organization. Tech4Kids strives to bridge the digital divide by providing children with equal opportunities to succeed in an increasingly digital world, whom otherwise may have lacked opportunity. Without our donation, be utilized in their youth center to help students complete their homework and also assist the adults in searching and applying for work.

We are very grateful to make this happen with the help from volunteers and generous laptop donations.
